WARWICKSHIRE GEOLOGICAL CONSERVATION GROUP 4 SITE RISK ASSESSMENT

ASSESSOR/LEADER	DATE OF ASSESSMENT
LOCATION	DATE OF VISIT

All **potential hazards** that may be encountered during a site visit should be identified and listed in the risk assessment. The results of the risk assessment will form part of **the leader's on-site safety briefing** before a visit begins. **H&S information provided by a site owner** should be noted when the risk assessment is carried out. **Areas where access is strictly prohibited** should be recorded and **emergency services information noted**.

Please err on the side of caution.

This Safety Document is to be retained and stored by the WGCG for future reference.

Locality	Risk/ hazard	Severity of Risk High/medium/low	Probability of Accident High/medium/low	Safety Measures
		Thgh/mediani/low	Trignymedianylow
